3	Healthcare expansion	This issue is still very much in play and will fundamentally come down to making sure the federal Medicaid expansion dollars are in the budget.	No specific sponsors, but must be in the state budget.	The federal dollars must stay in the budget. The House Budget bill (HB30) released 2/18/18 includes that funding. The House passed that budget on 2/22 by a vote of 68-32. The budget is now being negotiated by a group of conferees from the House and the Senate.	The federal dollars must be in the budget. The Senate Budget bill (SB30) released 2/18/18 does <u>not</u> include that funding. On 2/22, Republicans beat back an attempt by Democrats to reinsert Medicaid expansion into the budget for the current fiscal year on a 21-19 party-line vote. The budget is now being negotiated by a group of conferees from the House and the Senate.
