The last day to complete the 2020 Census is September 30th.

The census, which takes place only once every 10 years, is a count of every person in the country, and determines **money, power, and respect** for your community. Join our campaign to promote the census completion, especially in the areas of your city or town where the response rates are less than 50%. Using digital tools and one-pagers for distribution in your congregation and community, our campaign reinforces that the census is **easy, safe, and for everyone**.

Campaign for an Accurate 2020 Census
